### Btec Level 1-2 Tech Award in Health & Social care:

Learners acquire technical knowledge and technical skills through vocational Health and Social Care contexts. The qualification is equivalent to one GCSE at either level 1 or level 2. The focus is on ~ developing key skills used in HSC such as interpreting data to assess a person's health ~ effective ways of working in HSC such as creating a health improvement plan ~ the importance of the care values and to practise applying them ~ knowledge of human growth and development. Learning is applied and skills gained. There are three component (two internally assessed assignments and one externally assessed examination)

### Cultural Capital

- Care values
- Anti-discriminatory practice
- Professional skills and attributes
- Health risks and improvement
- Communication and reflection
- Factors affecting health and well-being

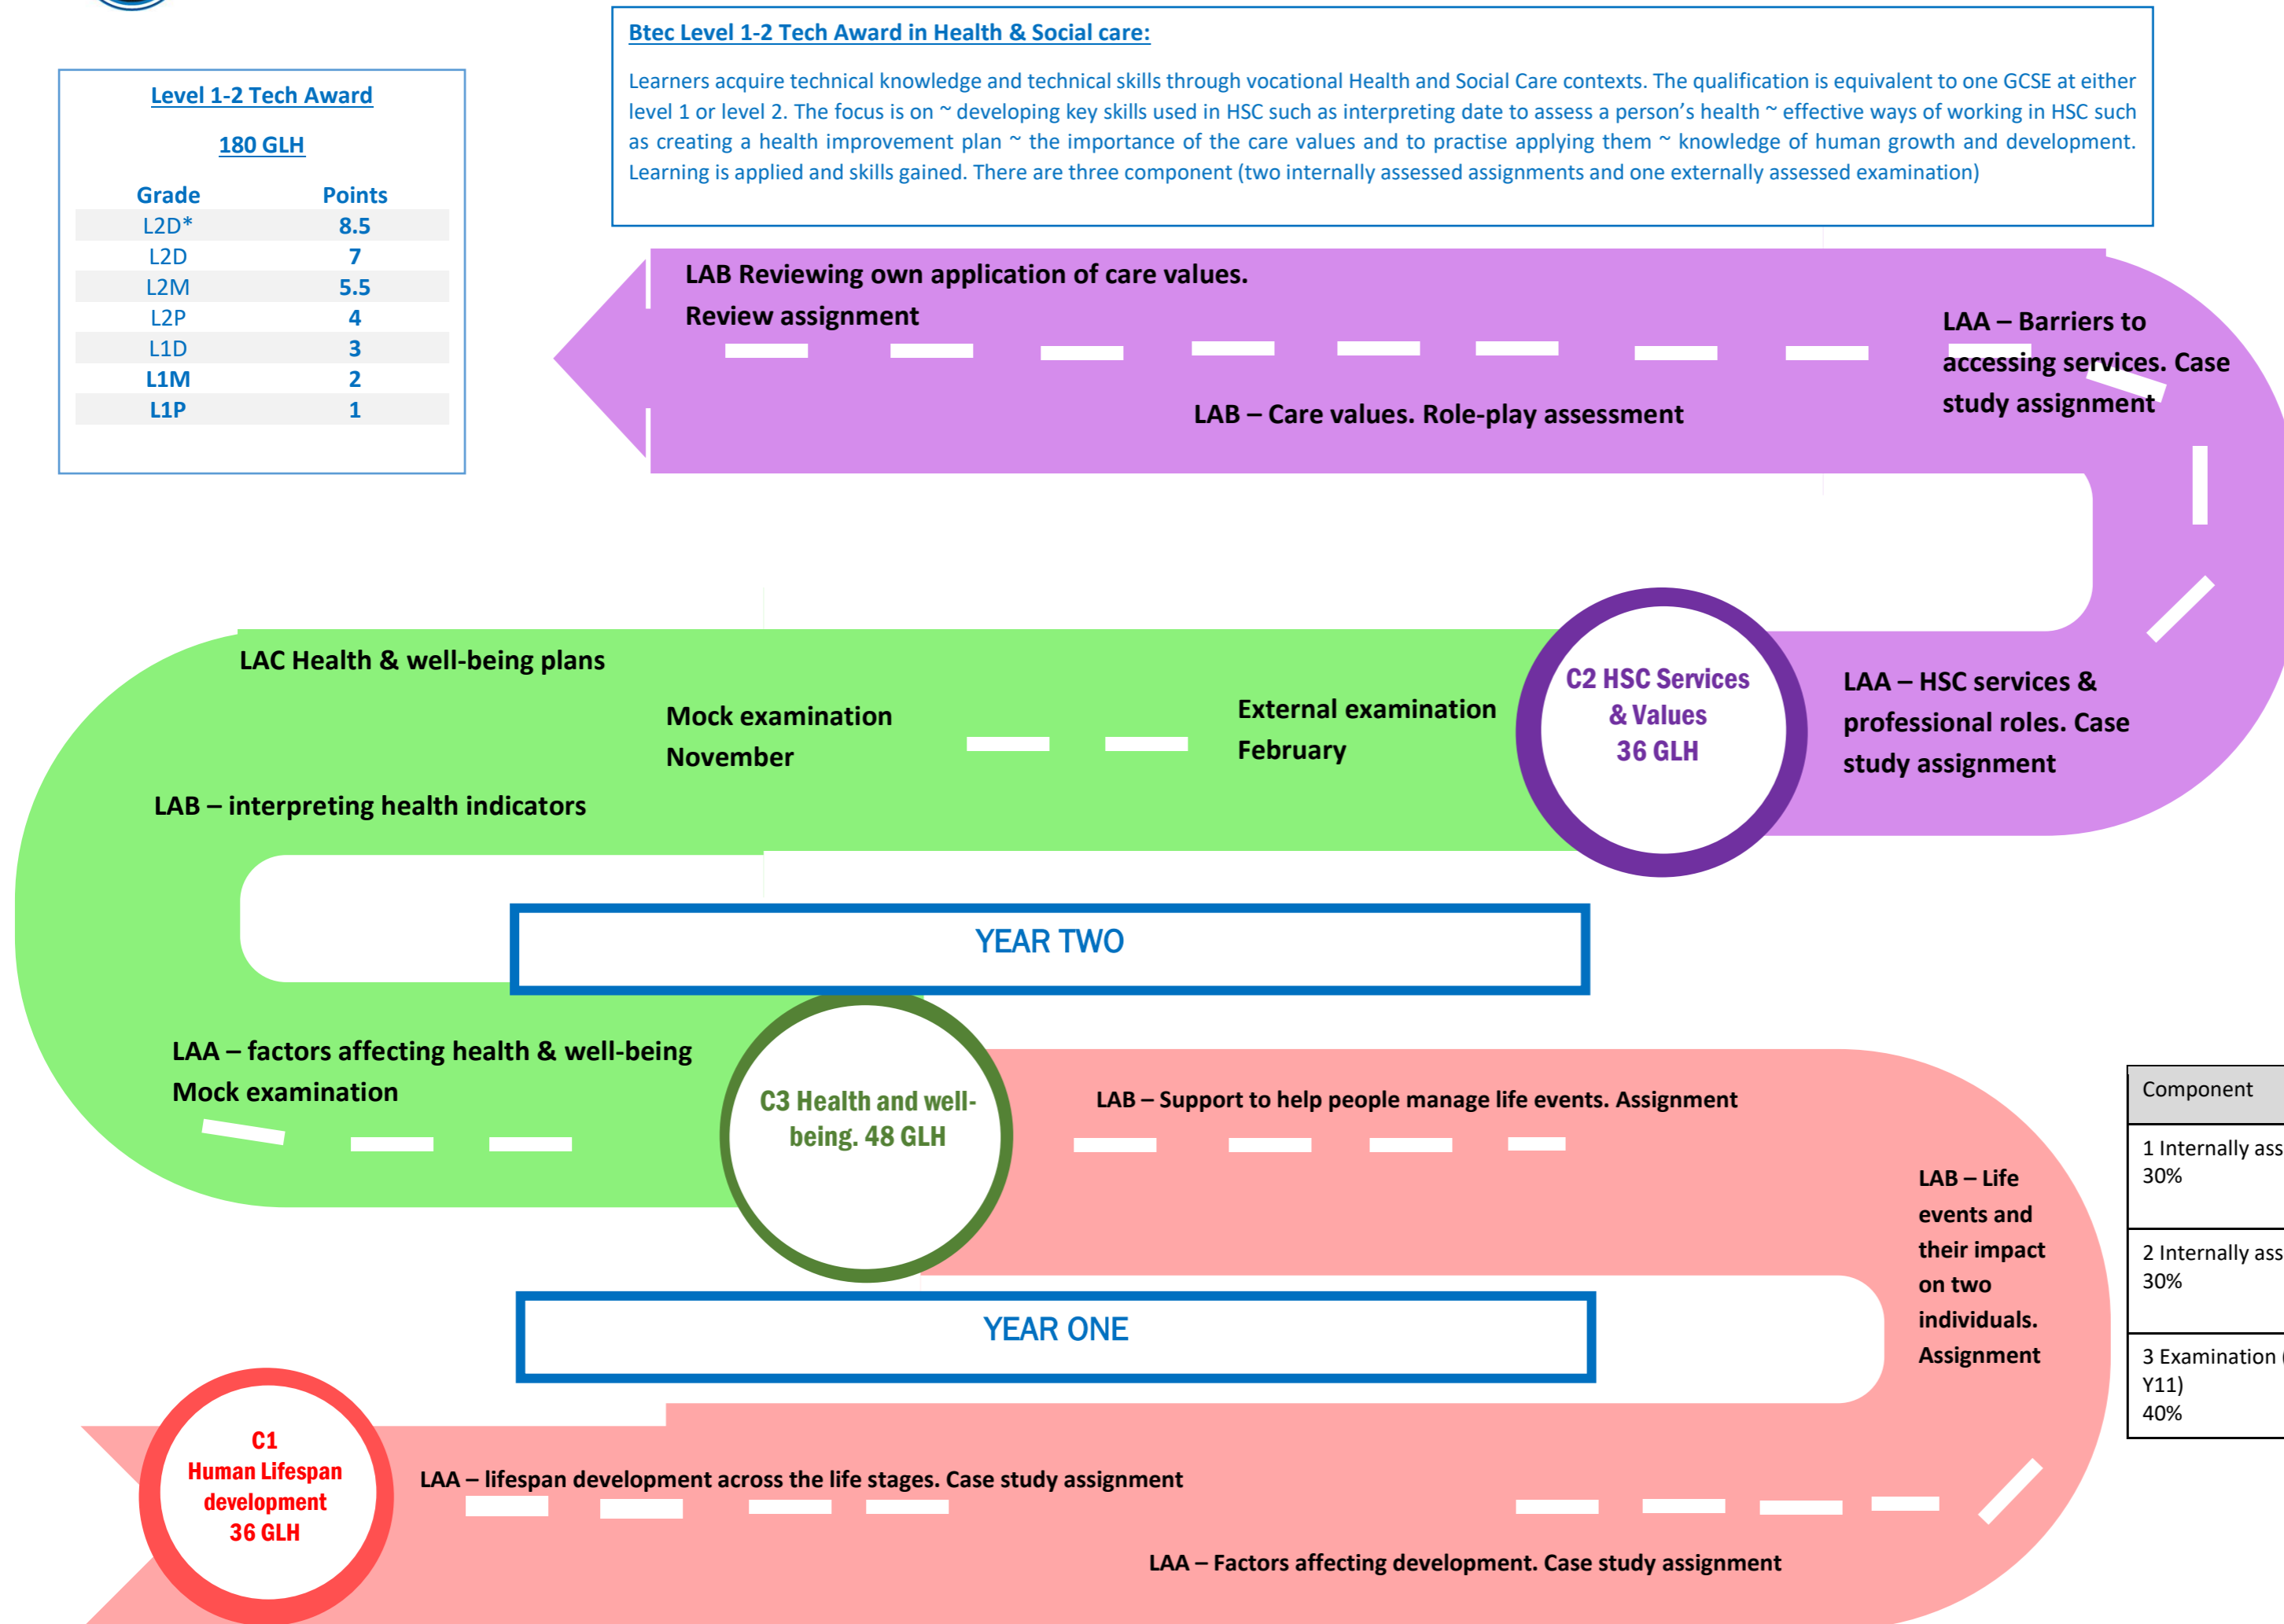

### Course Outcomes

Knowledge of key concepts and skills in the Health & Social Care sector. This qualification is designed to support progression to further education at Level 2 or 3 including BTEC Nationals, T Levels or A Levels, and to apprenticeship routes in sector related areas
