

Holly Lodge High School A-level Geography 2021-2023

A Level Geography: A Level Geography: This Edexcel A-level specification in Geography is stimulating and engaging; providing learners with opportunities to widen their knowledge of concepts relevant to all citizens in the 21st century. Learners will study places, processes and environments at all geographical scales and developing an understanding of the significance of locations. An appreciation of the key issues will be developed through analysing the complexity of key people-environment interactions, to broaden knowledge of key ideas around place, space, scale and environment. Learners will debate and question global issues and the influence of attitudes, values and circumstances influence the relationship between people, places and the environment. Learners will appreciate the role of fieldwork as a tool to understand and generate knowledge about the outside world, developing fundamental quantitative and qualitative skills within Geography.
